With the Stuttgart Citytour, the StuttCard and a wide range of tours on offer the Stuttgart-Marketing GmbH invites you to delve into Stuttgart's history. And if you also book your accommodation through Stuttgart Marketing in one of its partner hotels, you'll also receive a free ticket for the Verkehrs- und Tarifverbund Stuttgart (VVS) (Stuttgart Transport and Tariff Network).

ErlebnisCard Discovery Ticket

More than 70 cultural and leisure options are bundled in the ErlebnisCard Region Stuttgart. This discovery pass is valid for one calendar year (1.1. – 31.12.) and is aimed specifically at the inhabitants of the Stuttgart region. Card holders can explore all the fascinating possibilities of the Stuttgart region and enjoy free admission to over 70 partner institutions – including museums, palaces, thermal spas and guided city tours. The personalised discovery ticket is obtainable in digital form or as a hard ticket under www.erlebnisregion-stuttgart.de as well as from the "i-Punkt" Tourist Information and other sales outlets in the region.

StuttCard

The StuttCard is the ideal companion for a short visit to Stuttgart. Whether for museums, mineral spas or excursions – the digital card gives tourists free admission and other benefits at 59 partner institutions in Stuttgart and the surrounding region. It's available for 24, 48 or 72 hours and can be purchased online under www.stuttcard.com or also, with additional information, from the "i-Punkt" Tourist Information, Königstr. 1a.

Stuttgart Region online

Two websites provide all the most important information about the city of Stuttgart and the surrounding region. Whereas www.stuttgart-tourist.de focuses on the city itself, www.erlebnisregion-stuttgart.de is aimed mainly at local inhabitants who would like to get to know Stuttgart and the surrounding region better and perhaps explore new destinations for outings.

Stuttgart Guide

The Stuttgart Guide is the app für Stuttgart – no matter whether you're planning a day trip, a longer city break or are simply new to the city. The app provides not only a digital map but also a comprehensive overview of Stuttgart's current events, tourist attractions and highlights. You'll find the app in the Google and Apple Playstore under "Stuttgart Tourist Guide".

Digital Pedestrian Navigation System (FLS)

The first prototype of the digital pedestrian navigation system appeared at the end of October 2022 in Stuttgart's city centre. The second FLS stele followed in 2023 at Sporerplatz between Dorotheenquartier and Market Hall, and since 2024 there has been another stele in the Königstraße shopping mile (at Königstraße 70 between the underground entrance and Eiscafé Venedig). The smart signposts are equipped with three 360-degree rotatable arrows which provide regularly updated information on a daily basis in German and English about current events and Stuttgart's main attractions. The arrows point in the direction of the location in question. Additional information can be found under www.digitales-fls.de.
